Portfolio Presentation

# Design Process and Decisions

Inspiration gathering - pinterest, etc.

Designing - font choice,  
colour development (contrast checks, etc.),  
picking assets, svg creation, etc.

# Build Process

Challenges - many design challenges, a few coding challenges

Ethical issues - accessibility

Favourite Part - finally getting to some animation

A series of thin, light green curved lines that sweep upwards from the bottom left towards the top right, creating a sense of motion and design.
